

Dear Interurban Avenue Property Owners, Business Owners and Tenants,

Tentatively and dependent upon weather conditions, paving operations for final overlay of the northbound and turn lanes will be performed between **March 15, 2016 and March 24, 2016**. Paving activities are expected to last 4 to 5 days between the hours of 7 am and 6 pm each day. Paving will begin in the northbound lanes on the east side of Interurban Avenue South, from Fort Dent Way to 143rd Street.

What to Expect:

- No vehicular traffic detours will be required.
- Pedestrian and Bicycle traffic will follow posted signs for detours around the work site.
- Traffic will continue to be merged down to one lane of traffic in each direction.
- Expect traffic congestion due to lane shifts and single lane of travel in either direction.
- Access will remain open to all businesses and will be facilitated as needed with flaggers.
- Expect periodic delays and construction equipment noise.
- Expect coordination for availability of driveway access/restrictions.
- The posted Speed Limit will continue to be 25 MPH.
- Bus stops will be relocated in coordination with King Co. Metro Transit

Description of Work:

Paving of approximately 4,065 linear feet of street improvements within the right-of-way of Interurban Avenue South – So. 143rd Street to Fort Dent Way, including but not limited to grinding of existing roadway, hot mix asphalt paving, pavement repair and overlay; installation of channelization, driveways, curb, landscaping, signal modifications, restoration, and other work necessary to complete the Work as specified and shown in the Contract Documents.
